The SIM Card of the mobile number registered with ESIC must be in the same smartphone device where the Mobile App has been downloaded to authenticate user through OTP.
- 3) Beneficiary shall always carry the ‘Health Passbook’ (A small booklet of A5 size approx. containing about 100 pages with system generated beneficiary credentials affixed on it) every time he visits the IMP/ dispensary. IMP shall use the Health Passbook as a tool for identifying the credentials of the ESI beneficiary and record clinical findings & consultation advice.
- 4) The system generated credentials on the Health Passbook displays the demographic details of a member of the IP-family and Unique Health Identification (UHID) Number. In addition, it contains mobile no., passport size colored photograph and QR Code. Normally, the validity of the Health Passbook is printed on the Health Passbook and is till the last day of the current eligible Benefit Period corresponding to the previous Contribution Period.
- 5) The IMP may also verify the authenticity of the Beneficiary from the e-Pehchaan Card (I Card of ESIC) issued to the Insured Person (IP)/ Insured Women (IW). Each IP-Family unit shall have one common e-Pehchaan card but each member of the family including IP shall have separate Health Passbook containing UHID Number.
- 6) In case of doubt, additional government issued photo-identity proof may be sought to verify identity and prevent unethical practices or impersonation.
- 7) At the time of visit of tagged and eligible IP/beneficiary to the IMP, the IMP will enter in the App, the Insurance/UHID Number of the beneficiary or scan the QR code available on the Credentials page of the “Health Pass book” to check eligibility using “Dhanwantri App”.

- 10) The drugs are to be prescribed in standard Generic Name, other than in exceptional or unavoidable circumstances. Prescribing in brand names is highly discouraged for administrative and clinical reasons.
- 11) All drug and test names are to be prescribed in the Health Passbook in clear legible writing, preferably in capital letters. The consequences of illegible prescription writing shall be that of the IMP.
- 12) Thereafter, in the Dhanwantri App, IMP will input count (number) of listed and unlisted drugs or diagnostic investigations as prescribed in the health pass book of IP/ family member.

#### *SICKNESS CERTIFICATE*

- 14) If certificate of leave ['Sickness Certificate' as per definition of ESIC] needs to be prescribed in the prescribed certificate booklet manually, IMP must also input the Sickness Certificate number (as mentioned on the leaf of the certificate book) along with recommended number of days of rest in the Dhanwantri App. IMP must be judicious while recommending leave. In a single spell, leave recommendation must not exceed 7 days in one event of sickness, and it should not exceed 30 days in a year).
- 15) Through Mobile App the IMP shall also capture information about "Maternity Certificate" and other stipulated Certificates that has been prescribed in the specified Certificate Booklet provided/issued by DCBO/ RD Office.
- 16) Sickness/Maternity certificate, unlike ordinary medical certificate is a highly regulated document based on defined logic and nomenclature. Issuance of Sickness /Maternity Certificate needs knowledge about ESI Scheme rules and must be learnt from the ESIC Office. Misuse or wrong use shall bring in complications and legal /administrative consequences. Issuance of regulated Sickness / Maternity Certificate is permissible to Insured Person (including Insured Women) only, as the case may be, and not to the Family Members. However, normal medical certificate may be issued on the letterhead of the IMP to family members, which has no bearing on cash benefits and liability on ESIC. Issuance of Sickness / Maternity certificate shall be subject to remote verification by Medical Referee/ DCBO doctor, or other officer of ESIC/ESIS. The resulting Cash

benefit, if any shall be directly deposited in the bank account of the IP and shall be regulated. Issuance of lax/bogus certification by IMP is a criminal offence and all certifications shall be under constant scrutiny.

- 17) During the contract period the used Sickness/Maternity Certificate Booklet with carbon copies of certificates issued must be returned by IMP along with the filled in form to the ESIC office which has issued the booklet. Similarly, at the end of the contract of the IMP, the Certificate Booklet with unused leaflets must be returned to the ESIC Office along with the prescribed the form. It must be understood that the certificate booklets are important document that needs to securely kept and appropriately maintained to prevent any legal or financial liabilities on the IMP.

#### *REFERRAL*

- 18) In case the illness/condition of the patient is such that it requires treatment that is not within the IMP's obligations/capacity or a referral is required to higher center (except in emergency) for secondary or tertiary medical care, he may inform the patient and refer him to the nearest ESIC/ESIS Hospital/ Dispensary cum Branch Office (DCBO) of the district for further necessary action. The same has to be recorded in the Health Passbook and also in the mobile App in the remarks field.
- 19) The IMP may refer beneficiaries who require consultation with Medical Referee (MR). He shall answer in writing, if needed, within a reasonable period as specified by the MR, any query raised by the MR in regard to any prescription or certificate issued by him or any statement made in any report furnished by him under these terms of service. The same has to be recorded in the Health Passbook and also in the mobile App in the remarks field.

#### *OTHER PROCESSES*

- 20) Once manual documentation in the health passbook is complete, IMP shall capture (scan & upload function) clear and visible photograph(s) of
  - a. prescription page of the health pass book and
  - b. also the beneficiary holding prescription page in his/her handin the 'Dhanwantri App', and click Complete to end the process. The check-in number shall be generated at this stage in the App **which needs to be recorded in the Health Passbook**. This number shall also get reflected for further action by the empaneled Chemist / Diagnostic Centre.
- 21) In all cases, the top of the prescription page of the Health pass book should be stamped with details of patient's name, age, gender, date, check in number, sickness certificate number and the number of days of rests (if any) duly filled in by IMP. A sample design of the stamp is produced below:

XXXXXXXXXXXXXXXXXXXXXXXXX IMP CLINIC

Name \_\_\_\_\_

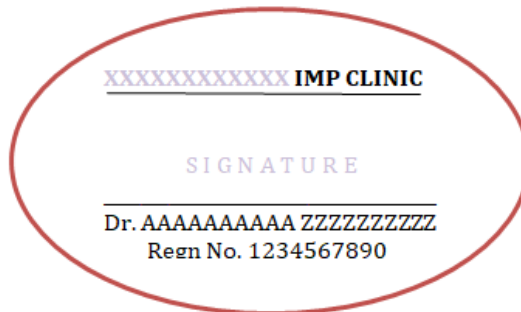

Age \_\_\_\_\_ Gender:  M /  F /  T

Check-in No. \_\_\_\_\_ Date \_\_\_\_\_

Sickness Certificate No. \_\_\_\_\_

Duration of Rest \_\_\_\_\_

Besides clinical finding and recommended drugs/ diagnostic procedures the prescription should end with sign and named stamp of the IMP. A sample design of the stamp is represented below:

- 22) *IMP should take note of the fact that until realization of reimbursement by ESIC, prescribing unlisted drugs/ diagnostic procedures would cause additional financial burden on IP and in extreme cases IP may even prefer attachment with some other IMP or file complaint with employer/ ESIC.*
- 23) The Regional Office/DCBO, at the time of empanelment of an empaneled Chemist (eC) / Diagnostic Centre (eDC), shall be tagging an IMP Clinic so as to help beneficiaries avail services from these eC/eDC. More than one eC and/or eDC can be attached to an IMP Clinic or vice versa to bring in ease of service delivery and competition.
- 24) Along with IMP's prescription in Health Pass Book, the IP/Beneficiary shall visit the designated eC / eDC respectively for availing services. Similar to that of IMP Clinic, both eC and eDC will also have to download the ESIC "Dhanwantri" app to log-in with the ESIC issued user credentials.
- 25) If unlisted drugs or investigation is required to be prescribed by the IMP in special circumstances, the beneficiary shall have either of the two options: To pay from pocket and avail the drugs / services from the eC/eDC and later claim reimbursement from ESIC/DCBO producing copies of bills, proof of receipt and prescription on the Health Passbook; OR, avail these from DCBO, free of cost. This implies that the eC/eDC shall charge the cost from the patient as per the agreed upon rate (Discount on MRP/CGHS Rate) upfront when purchased by the beneficiary and issue the Bill and capture information in the relevant fields of Mobile App.

- 26) The IMP shall report death of an insured person or a family member and forward the Medical Record to the concerned Branch Manager, ESIC Branch Office within 7 days. A copy of the same should also be sent to the RD, ESIC/Director, ESIS Medical Services.

- ii. The IMP as a medical doctor shall have an **obligation of means** toward his patients, not an obligation of result. This means that the IMP shall take appropriate steps available to make the right diagnosis, provide treatment and follow-up on the patients' progress.
- iii. The IMP must treat their patients attentively and conscientiously. He / She shall prescribe the right medication, tell patients about the advantages, disadvantages, risks and alternatives regarding a proposed treatment or operation, and provide adequate follow-up to the patient within a reasonable amount of time. He / She must give the patients all the information such as diagnosis, nature, goal and seriousness of the treatment, risks of the treatment, other treatment options so as to help them make free and informed decisions.
- iv. The IMP shall maintain the duty of professional secrecy and respect his/her patients' confidentiality. This duty covers both the information which patients tell their doctor and any facts doctor discovers about the patients as part of the doctor-patient relationship. It must be understood that the Professional secrecy belongs to the patient, not the doctor. Doctor shall reveal what the patients tell them, unless the patients waive the confidentiality of the information or if the law allows it (i.e. *Public Health* agencies).
- v. The IMP shall maintain trust. He shall never abuse patients' trust in him/her or the public's trust in the profession. He should be honest and open and act with integrity. He/She shall never discriminate unfairly against patients or colleagues.
